

## BABOONS + UNSECURED REFUSE = PROBLEM

Overstrand Municipality's 2013 Integrated Waste Bylaw stipulates that each homeowner, tenant or occupier must use an animal-proof waste container in areas declared by the Municipality. Betty's Bay is one of these areas.

Remember: Living on the edge of the Kogelberg Biosphere means there are certain measures we need to take to avoid conflict with the wild animals we have chosen to share a living space with.

The Municipality may institute legal proceedings against the owner, occupier, or other person, as the case may be in terms of the Criminal Procedure Act, 1977 (Act 51 of 1977).

The by-law further states:

- 1.**  
Bins must be secured with baboon proof locking devices
- 2.**  
Do not leave black bags on top or outside of a bin
- 3.**  
No black bags may be left on the pavement

**PLEASE REMEMBER:** - Only put refuse bins out before 07:30am of the day of collection, not the day before. **NO BAGS!**  
- Each household is permitted one bin with four bags of household waste (which may include one bag of garden refuse)

### REFUSE COLLECTION DAYS

- Please confirm your day of refuse collection for your area of Betty's Bay.  
Contact Operational Management: 028 271 8404/8400

**TUESDAY: Sunny Seas & Jock's Bay WEDNESDAY: Betty's Bay Main**

Your animal proof wheelie-bin must be secured to a pole or the wall to prevent it from being blown over in the wind and making the bin accessible to baboons and other wildlife.

#### HOME OWNERS / HOLIDAY RENTALS:

Please forward the refuse removal schedule to holiday tenants and inform them about Baboons + unsecured refuse = problem
